

# Topics for Paris

1. More on Algorithm Development: Can the definition of punchthrough be improved? By a chi-squared criteria?  
Caroline
2. More on planar detector example?  
Arthur
3. More on Fiber splicing/routing?  
Mitch
4. More on PMT characterization and calibration; Gain vs. voltage?  
Paul
5. More on prototype digitization system - specifications?  
Mani
